Dear SDSU Faculty Member,

If you are thinking about taking a group of students abroad, please be aware that you need to inform the Education Abroad Office of your plans, regardless of the number of students involved or the duration of the program. This is a requirement of the CSU Chancellor's Office. Using the list below, contact the appropriate country advisor as far in advance of travel as possible. We would be happy to assist you with information about required insurance, waivers and pre-departure orientations.
